

Appalachian Basin Gas Well Deliquification Seminar

Organizers:

Artificial Lift R&D Council, Southwestern Petroleum Short Course

General Chair: Rob Sutton, Marathon Oil Company

Host: Prof. Robert Chase, Marietta College, School of Petroleum Engineering & Geology

Monday and Tuesday

June 7 and 8, 2010

Marietta College, School of Petroleum Engineering & Geology

Located on the banks of the Ohio River, in Marietta, Ohio

1-800-331-7896

Workshop cost: \$250, \$300 after May 1, 2010

Full Day Course: \$250, \$300 “ “ “ “

See ALRDC web site for more details

Enhance your knowledge on deliquification of gas wells!

Continuing Education Courses

Monday, June 7, 2010, 8:00 am – 5:00 pm

(Choose Course 101, 102, or 103)

101 – Basic Gas Well Deliquification, Dr. Jim Lea, others

102 – Plunger Lift, Lynn Rowlan, Rob Sutton, others

103 – Half Day Beam Pumping, Norm Hein
Half Day Chemicals, Brad Davison

Technical Sessions Submit abstracts for any of these

Tuesday am, June 8, 2010, 8:00 am – 12:00 pm

Using Chemical for Deliquification

Using Pumping Systems & Gas-Lift for Deliquification

Tuesday pm, June 8, 2010, 1:00 – 5:00 pm

Using Plungers for Deliquification

Deliquifying Horizontal Completion Wells

Panel Discussions

- In-depth discussion of each technical session topic Tuesday after each Technical Session

Break-Out Sessions

- Informally discuss topics of interest in three parallel Breakout Sessions (Choose One)

Monday, June 7, 5:00 – 6:30 pm

- Selection of Artificial Lift Method for “My” Field/Wells
- Issues for Wells Drilled and Completed in Shale
- Issues with Horizontal Completion Wells

- Ask the Experts

Tuesday, June 8, 5:00 – 5:45 pm

- General Gas Well Deliquification Topics

Ice Breaker – Cocktails and Snacks

- Welcome to the Marietta College and the Workshop
- Informal event for those who come on Sunday
Sunday, June 6, 5:30 – 7:00 pm

Opening Dinner

- Meet gas well colleagues
Monday, June 7, 2010, 6:30 – 7:45 pm

Keynote Address

- Keynote Address, after Dinner
- John Rinehart, VP of Eastern Operations, Chesapeake
- Challenge attendees to make step changes in gas well operations

Monday, June 7, 7:45 pm

Exhibits and Displays

- Exhibits by Service Companies who work in the Appalachian area
- Transfer knowledge on new gas well production tools, techniques, and services
- Exhibits in the Dining Area
Monday – Tuesday: At lunch and breaks

Sponsors

- Companies are invited to sponsor the Workshop.
- Sponsors receive special recognition.
- Companies are also invited to bring door prizes.

Workshop Dinner

- Closing Dinner.
- On the Ohio River
- Special Music by Prof. Robert Chase
- Cost is extra
