[www.sooga.org](http://www.sooga.org)

SOOGA had an incredible turnout for the 45th SOOGA Spring Membership meeting headlining the Honorable Mark Menezes, former Deputy Secretary of Energy, along with a list of many other speakers. The Spring Membership Meeting was held on April 20th, 2023 at the Elizabeth Sugden Broughton Community Building. Pictures of the event can be found on page 19.

**ELECTION RESULTS are in!!**

**Jim Javins, Kevin Rothenbuhler, Barry Bowers and Maureen Kertes were voted in by the SOOGA membership to represent SOOGA on the Board of Trustees. Congratulations!**

## THE CROW'S NEST

We just wrapped up our annual spring meeting to many very positive comments from the attendees and speakers. We worked hard to get a lineup of great speakers and relevant content. The meeting began with Marietta College students presenting on some history, and future potential of, some well-known producing formations and concluded with the former Deputy Secretary of the Energy discussing national and global energy topics. In between the great bookend speakers were equally interesting talks on the role and branding of the Ohio Natural Energy Institute, an update on relevant legal issues in OH/WV, a talk about resources for growth in SE Ohio, and the effect of SOOGA advertising on local radio. Also included in the day's speakers was the Chief of Air pollution Control of the Ohio EPA discussing the methane rule changes and a discussion panel on natural gas logistics with three major local pipeline operators. It was a day not to be missed.

The meeting also included recognition for Jared Stevens as our past president, John Albrecht for his many years as Treasurer, Winnie Sinnett and Congressman Bill Johnson as the Workhorse Award recipients, and Jim Javins was inducted into the SOOGA Hall of Fame. Additionally, the annual election for positions on the Board of Trustees was held during the meeting. We welcome Maureen Kertes and Pat Altier to the Board! Unfortunately, we are also saying goodbye to a couple of valuable voices of experience who have decided to step aside. We thank Keith Young and Roger Heldman for their time and insightful input over the years. SOOGA is a unique and amazing organization. The only paid member of the organization is the executive secretary, Kendra, who has jumped in and keeps the operation running smoothly. The heart and soul come from the membership and the board of trustees of SOOGA. Everyone donates their time, money, talent, and passion which makes this a strong and united group. The members of SOOGA are the ones who live and breathe the industry. We endure the risks and hardships. We enjoy the benefits from hard work and a job well done. We are in this together. We will adapt, we will make our voices heard, and we will be here for each other. SOOGA is all of us and I am proud to be a part of it. Don't apologize for what we do, help others understand why this industry is essential to their quality of life.

-Brian Chavez

SOOGA President

## 2023 SOOGA Tentative Calendar of Events

### Spring Membership Meeting

April 20th, 2023  
Elisabeth Sugden Broughton  
Community Building  
Marietta, OH 45750

(continued from page 4)

## Summary

Working gas in storage was 1,830 Bcf as of Friday, March 31, 2023, according to EIA estimates. This represents a net decrease of 23 Bcf from the previous week. Stocks were 443 Bcf higher than last year at this time and 298 Bcf above the five-year average of 1,532 Bcf. At 1,830 Bcf, total working gas is within the five-year historical range.

## Prices/Supply/Demand

- Supply:** According to data from S&P Global Commodity Insights, the average total natural gas supply was unchanged from last week, averaging 105.0 Bcf/d. Dry natural gas production decreased by 0.4% (0.4 Bcf/d), and average net imports from Canada increased by 10.4% (0.4 Bcf/d) from last week.
- Demand:** Total U.S. natural gas consumption fell by 7.1% (5.6 Bcf/d) compared with the previous report week, according to data from S&P Global Commodity Insights. Natural gas consumed in the residential and commercial sectors declined by 17.8% (4.9 Bcf/d) week over week. Natural gas consumed in the power generation sector declined by 0.4% (0.1 Bcf/d), and natural gas consumed in the industrial sector declined by 2.7% (0.6 Bcf/d). Natural gas exports to Mexico increased 0.5% and natural gas deliveries to U.S. LNG export facilities (LNG pipeline receipts) averaged 13.9 Bcf/d, or 0.9 Bcf/d higher than last week.

(continued on page 6)

(continued from page 5)

### North East Prices:

- In the Northeast, natural gas prices fell this week. At the Algonquin Citygate, which serves [Boston-area consumers](#), the price went down 29 cents from \$3.26/MMBtu last Wednesday to \$2.97/MMBtu yesterday, bringing the price closer in line with other major hubs in the Northeast. Temperatures in the [Boston Area](#) averaged 38°F this report week, 9°F higher than last week, leading to 64 fewer HDDs than last week. In the [New York-Central Park Area](#), temperatures averaged 43°F, which is 3°F higher than normal, resulting in 25 fewer HDDs than normal. Total consumption of natural gas in the Northeast decreased 7% (1.8 Bcf/d) week over week to an average of 22.9 Bcf/d, almost entirely driven by a 13% (1.7 Bcf/d) decrease in consumption in the residential and commercial sectors.

### LNG

- **Pipeline receipts:** Overall weekly average natural gas deliveries to U.S. LNG export terminals increased by 6.9% (0.9 Bcf/d) week over week to average 13.9 Bcf/d this report week, according to data from S&P Global Commodity Insights. Natural gas deliveries to terminals in South Louisiana increased by 3.2% (0.3 Bcf/d) to 8.4 Bcf/d, while deliveries to terminals in South Texas increased by 16.5% (0.6 Bcf/d) to 4.3 Bcf/d. Natural gas deliveries to terminals outside the Gulf Coast were essentially unchanged.
- **Vessels departing U.S. ports:** Twenty-eight LNG vessels (10 from Sabine Pass, 5 from Freeport, 4 each from Cameron and Corpus Christi, 3 from Calcasieu Pass, and 2 from Cove Point) with a combined LNG-carrying capacity of 105 Bcf departed the United States between March 30 and April 5, according to shipping data provided by Bloomberg Finance, L.P.

**Fire Resistant Clothing: What You Need To Know**

When your work features significant fire hazards, you may need to wear fire resistant, or FR Clothing. However, not all FR gear is the same. FR Clothing is rated for its ability to resist catching fire when exposed to open flames, high temperatures, or electrical arc flashes. FR Clothing will also feature labeling that indicates the types of hazards it is designed to protect you from. Only garments that meet the NFPA 2112 standards for Fire Resistance or the NFPA 70E standards for Arc Flash Resistance may be used for these purposes. Occasionally, you may also encounter garments that are rated as “Self-Extinguishing”. While these clothes may be marginally safer than unrated garments, it’s important to understand that they do not meet the NFPA standards for fire resistance, and may not be used for FR purposes.

FR clothing needs to be properly handled to maintain its fire resistance. FR clothing should only be washed according to the directions indicated on its labeling. Washing FR clothing incorrectly, such as using fabric softener, can actually reduce or negate its ability to resist fire or dissipate electric arcs. Always clean FR clothing according to the manufacturer’s instructions. It’s also important to recognize when a garment needs replaced. If an FR garment becomes soaked in oil, for example, then it must be replaced. FR gear should also be checked for signs of damage, such as cuts, holes, or heavy wear. Like with being soaked in oil, cuts and holes compromise a garment’s ability to protect its wearer, and must be replaced.

FR gear also needs to be worn correctly to protect workers. FR gear must be worn as the outermost layer of apparel, even in bad weather. All buttons and zippers on FR gear must be fastened and closed fully, with shirt tails fully tucked in to eliminate the possibility of flames traveling underneath FR gear and burning skin. Similarly, FR sleeves may not be rolled up, as doing so will expose your arms to fire hazards. Lastly, FR Gear may not be layered on top of synthetic, non FR under layers, such as polyester or nylon clothing.

Properly worn and maintained, FR and Arc Rated gear can protect your from serious injury by helping to dissipate extreme heat and electrical arc energy.

# Ohio Natural Energy Institute Names New Executive Director

*Bruce Tague brings decades of experience to the organization*

The Ohio Natural Energy Institute announced it has appointed Bruce Tague as the new executive director. The organization is excited to begin this chapter of education on natural, essential energy in Ohio.

“Bruce is a great fit for our organization and understands this industry and the immense benefits it brings to Ohioians’ lives,” said Ohio Natural Energy Institute Chairman David Hill. “Earlier this year we announced a new name and brand. Now along with Bruce’s leadership we know this will be an incredible time for the Ohio Natural Energy Institute.”

Tague comes to the Ohio Natural Energy Institute with over 20 years of experience in both the public and private sector. He has worked for years in public policy, state and federal government, including his recent work with the Sportsmen’s Alliance. Bruce’s wife and two sons call Knox County, Ohio home and enjoy spending time outside taking in Ohio’s natural beauty.

“I am honored to join this storied organization at this incredibly exciting time,” said Tague, Executive Director of Ohio Natural Energy Institute. “Having worked in the energy industry, I know the importance of highlighting Ohio’s natural resources. I am proud and looking forward to representing the Ohio Natural Energy Institute and meeting all of those across Ohio who benefit from the oil and natural gas industry.”

## OBITUARIES

**William Harrington Putnam** died peacefully at Ellison Assisted Living in Marietta on Saturday, April 15, 2023. He was born September 22, 1929 to Benjamin Hay Putnam and Esther May Harrington Putnam in Marietta, Ohio.

He is preceded in death by his wife, Jane Chancellor Reps Putnam, his brother Benjamin Hay Putnam, his sister Lucy Jane McCarthy

(Gordon), and his grandson Davis Wehl. He is survived by his children, Anne Estelle Wehl, Hannah Jane Dimit (Denny), and William Harrington Putnam, Jr. (Cindy) in addition to his grandchildren, Harrington Frederick Wehl (Kiah), Hayden Reps Wehl, and Holden William Putnam Wehl.

Bill graduated from Marietta High School, attended Marietta College, and served in the United States Air Force during the Korean War before returning to Marietta, where he was an active, accomplished, and always honest businessman. He founded Putnam Realty and Anchorage Oil Company and was additionally an accomplished developer of a number of properties in Southeastern Ohio, including the building that housed Rink's department store before he converted it into the now locally famous Rinky Dink's Flea Market. Marietta was always important to him, and he pursued opportunities to give back to the community throughout his life.

Gregarious and always quick with a joke, Bill was a larger-than-life figure who touched the lives of many; he will be remembered fondly by his family and friends. The family requests that anyone who wants to pay tribute to him would extend kindness to a friend, buy a drink for someone, or reach out and help a stranger, as was Bill's way.

The family would like to thank the staff at the memory care unit at Ellison Assisted Living.

Marietta Chapel of Cawley & Peoples Funeral Homes. He will be buried in a private ceremony with full military honors at Mound Cemetery.

**Gene Everett Mapes**, age 88, passed away peacefully on April 17, 2023. Gene was born March 29, 1935, in Huron, South Dakota. He graduated high school from Fargo Central High in Fargo, North Dakota. He graduated from the University of Cincinnati with a BA in economics and later graduate studies in finance. While at the University of Cincinnati he was a member of Delta Tau Delta fraternity and Sigma Sigma men's honorary fraternity. Gene married his college sweetheart, Barri Emelie Schmidlapp in 1957. After starting married life in Cincinnati, they had career stops in Nashville and Denver before returning to Cincinnati and later retiring to the Chesapeake Bay area of Virginia.

Gene lived life to the fullest and never met a stranger. He was devoted to his wife, his family, his communities, and his careers. He was an avid pilot, golfer, tennis player, and snow skier. Gene loved traveling with his wife and adventures with his boys. He started his career at Procter and Gamble and then Kroger, followed by serving as Chief Operating Officer of Armistead, Miller Wallace in Nashville. He later became Executive Vice President and Director of Warren & Sommer and Director of Colorado Casualty both in Denver. Gene returned to Cincinnati in 1981 to start Mapes & Company where he worked side by side with wife Barri. Community involvement included President of the Cincinnati Insurance Board, President of Associated Health Agencies of Cincinnati, head of the Cincinnati Art Museum's Men's Committee, Board member of Cincinnati United Way, Trustee of Kent Denver Country Day School, Director of the River Counties (Virginia) American Red Cross and Director of River Counties Community Foundation. The position his boys remember most was serving as Chairman of the Adult Advisory Board of the Hyde Park and Mt Lookout Teen Center (Cincinnati) where he helped bring in some of the top rock bands of the late 1960s. Over the years, he was active at Cincinnati Country Club, The University Club of Cincinnati, Cherry Hills Country Club (Denver), and Indian Creek Yacht and Country Club (Kilmarnock, VA).

Gene was preceded in death by his beloved wife of 62 years, Barri, and his parents Avis and John Mapes. He is survived by his sons Gene Jr. (Sue) and Scott (Andrea) Mapes, and his sister Judy Mapes Schmidlapp. He is beloved by his grandchildren Virginia Mapes, Anne Mapes Younker (Austin), Elisabeth Mapes Noel (Aaron), Kathryn Mapes Sullivan (Josh), and Mackenzie, Madison and McGuire Saffin; great grandchildren Mary Emelie Sullivan and Thomas Gene Noel; niece Jessica Schmidlapp and nephew Jacob Schmidlapp IV. Gene will be laid to rest alongside Barri at Historic Christ Church (circa 1735) in Weems, Virginia.

In lieu of flowers, donations may be made in Gene's name to Historic Christ Church ([christchurch1735.org](http://christchurch1735.org)), the Boys and Girls Club of the Northern Neck ([bgcnn.org](http://bgcnn.org)), or a charity of your choice.

## OBITUARIES

(continued from page 18)

Leo A. Altier 88, of Corning Ohio, passed away on Monday May 1, 2023, at his home, surrounded by his devoted family.

He was born November 8, 1934, in Pleasant Township, a son of the late John F and Mary G. (Flautt) Altier.

Known as "Uncle Leo" in the gas and oil fields, he was past president of Althiers Oil and Altier Brothers. Leo served his community of Corning both as Mayor and a Village Council Member; he was

a long time Trustee of the Bank of Corning; he was a honorary Trustee and Hall of fame member of the Ohio Oil and Gas Association and was a member of member of the SEOGA and the Corning Eagles Aries 463.

Leo is survived by his wife of 68 years Ann (Raub) Altier. His children, Cinda Lee Frasure, Gregory Wayne (Shana) Altier, Gary Michael Altier, Christopher Eric (Cindy) Altier, and Patrick William Altier; his brothers and sisters, Christine Altier, William (Suzie) Altier, and Pamela Compston; 16 grandchildren, 15 great-grandchildren, and extended grandchildren, great grandchildren, and great-great grandchildren. Special friends Richard "Fuzz" Flowers and Donnie Caton

Besides his parents Leo was preceded in death by two sons Anthony Scott Altier, and Brent Matthew Altier, daughter in laws, Cheryl Dee (Alfman) Altier and Brenda Kay (Tucker) Altier; his siblings Louis Altier, Donald Altier, John Altier, Paul Altier and Mary Ann Flowers.

Mass of Christian Burial will be celebrated at 1: 00 P.M. on Friday May 5, 2023, at St Bernard Catholic Church Corning, with Father Todd Lehigh Celebrant. Interment: Oakwood Cemetery, Corning.

Friends may call from 2 to 8 P.M. on Thursday May 4, 2023, and 11a.m. until the time of the Mass on Friday at the church.

Eagles service will be held at 7 P.M. on Thursday at the Church, and Prayer Services will follow at 7:45 P.M

Clay Shoot will be held on June 22nd, 2023. At Briar Rabbit. 2949 Granger Hill Rd. Zanesville, OH. 43701 .

**\*\*Registration will begin soon, be on the lookout for emails. Contact the**
